

NWA Master Naturalists Spring 2017 Class

Saturdays, January 21 - May 6
Minimum 40 Hours of Training
(Over 60 hours of expert training provided)

Annual Requirements for Certification:
40 Volunteer Hours
8 Hours Advanced Training
\$30 Annual Dues

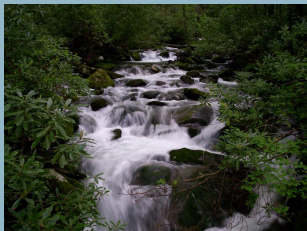

The Master Naturalist program is for adults of any age who are curious about the natural world and wish to preserve, conserve, and restore our environment. We volunteer in partnership with a number of environmental agencies, public parks and educational organizations. If you enjoy hiking, bird watching, following tracks, or identifying wildflowers, you'll love being a Master Naturalist!

Now offering classes based in both Benton and Washington Counties!

Sessions include lecture & hands-on experiences:

Birds
Plants
Mushrooms
Water
Rocks
Fish

Insects
Animals
Frogs & Reptiles
Stars & Planets
Natural History
